Seniors "Then"

"Remember today, for it is the beginning of always. Today marks the start of a brave new future filled with all your dreams can hold. Think truly to the future and make those dreams come true."

-Walter Winchel

Grace Anderson

"If you're trying to achieve, there will be roadblocks. I've had them; everybody has had them. But obstacles don't have to stop you. If you run into a wall, don't turn around and give up. Figure out how to climb it, go through it, or work around it." -Michael Jordan

The fact I'm graduating high school is way beyond me. I could not have made it without my mother's support. You are truly a blessing, mom. I could never thank you enough for being here for me, and never giving up. Kate, I wish you the best of luck throughout the rest of high school, and love you so much! I know you'll make it far! Amanda, I love you to death. Thanks for giving me so many memories and sticking with my craziness for this long while being my best friend since kindergarten! As for the rest of my friends in and out of school, thanks for the memories and laughs. Mr. Sowpel, I could never thank you enough for teaching and supporting me through the rough times in my junior year! You really helped me grow and made me ready for my senior year. As for the rest of my teachers, thank you for the motivation and giving me a good high school experience. 2014, I wish you all the best of luck, and hope you are looking forward to the next steps into your lives as much as I am! Along the way I have faced challenges, but I can proudly say I have accomplished them. Many lessons have been learned, but they have shaped who I am today, I am ready for the life ahead of me. Good riddance.

Christian Antoine

"And those who look only to the past or present are certain to miss the future."
-John F. Kennedy

When I pilot an aircraft I see the patterns of land, the greens and blues in the sea, and I feel and glide with the wind. I experience this world with such clarity and brilliance and I feel so fortunate and gifted. I have flown a single engine Cessna from Plymouth to the Boston skyline my senior year at Harwich High 2013. Life is beautiful in the sky. I see things so clearly when I am in the plane. I have full control over the panels, over the throttle, over my life. I see things with a different perspective, a different approach. If there are stories that have to be solved, obstacles to overcome, it reminds me of the view from the air. How different the problem looks from a different vantage point. I want to immerse myself in and find the different vantage points from so many people and places that will come into my life. I will remember flying the Cessna, and knowing my life is so full of promise.

Nicholas Bailey

"True success is overcoming the fear of being unsuccessful." - Paul Sweeney

High school has had its ups and downs but I got through it, thanks to my mom, dad, my older brother, and Mr. Sowpel. I've had a great time in high school now it's time to go out and explore. Shout out to S.G and J.B

Mackenzie Barnard

"Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover." - Mark Twain

It's crazy to think that we're finally graduating from high school. All of these years have flown by and it has been such a great experience with all of its ups and downs, and I wouldn't change it for the world. There's also no way that I would have been able to do it without everyone behind my back. Mom & Dad- thank you for all your endless love and support, you guys have been amazing. Sammy B- you're awesome and never fail to make me laugh. Thank you for being the best sister out there. Pete- you're going to do great in high school, just behave yourself. DM, LK, JW, HF, ML, and MR, you guys are the most amazing friends anyone could ever ask for. Thank you for having my back through everything, and always being there. Also, thank you to all my teachers for the endless encouragement and support. To all of my classmates, I hope you all enjoy whatever life brings to you. Congratulations Class of 2014!

Harrison Bates

"There are no easy answers' but there are simple answers. We must have the courage to do what we know is morally right" - Ronald Reagan

Here I am in my senior year. It couldn't have come quick enough. I've really found myself within the past four years. I have made some friends (The Family, All you Chatham kids, anyone who spent a little too much time at the shed...ect. you know who you are.) that I will never forget and some memories that you wouldn't believe. Even though I don't get to goof off with you guys for my senior year, I'm glad I got to goof off with you guys yours, I'd also like to send a shout out and a thank you to my USMC boys DR, CO, JD. Jimma Jah you're my best friend and sister and I'm so glad you moved in with the Bates family. Nate, Tim, and Josh Kremp you boys will always be the original crew and I love you guys. Mom and Dad I love you guys and thank you for the support for everything that I have done.

Jonathan Biggs

"Never chase girls chase dreams first, motion-picture drive; I've concluded that my dream works." -Chiddy Bang

The new kid has prevailed, once again. If you don't know by now, high school can be a torturous yet rewarding adventure. In the midst of it all, you've got to remember to love yourself. If you truly love yourself, then you'll have a clear sense of direction. If you have a clear sense of direction, then your desired future is waiting; but, of course, it's up to you to make it happen. Be instinctive. Stay attuned to your thoughts, because it just might be that one crazy thought that brings you to the next level. Also be sensitive to what's around you; the course of daily life has plenty to say. Remember, if you don't have haters then you're not doing it right. Forget about what everybody else is doing and just do you. Also be humble, it's way more fun than bragging. Don't tell them what you're doing, just do it. The element of surprise is a spectacular thing. With that said, thanks to all my real friends (you know who you are); you have all been very instrumental in my personal development over this past year. Y'all were the ones that made it fun for me. Just hold it down for me while I'm gone. But really I won't be gone; I'll always be there for anyone who needs me. And don't fight over who should wear the pencils and all that; there are plenty of pencils for everyone. Meanwhile, I'm off to find the perfect place for shade. Thanks everybody.

Well... here I am writing this, and it's already a week late, to anyone who knows me that isn't a surprise. It's been quite the fun time these past few years and I hate to say that I might miss it. Thanks a lot HHS. Time to live my life.

Wow, they weren't lying when they said high school goes by fast. These past four years have been great. My first thank you goes to my parents for teaching me what is really important in life which is family, friends, and have fun with anything that you do and not to take things so serious where it takes the fun out of it. They also taught me to be thankful for what you have and not to complain about what you want and don't have. I want to thank my brother Drew; I wouldn't be the person I am today without him and thanks to everyone else. To all my friends we had a good run and a lot of laughs, good luck to you all. DB SM NB RD MC SG AS SM AS MH PS RK SW SD....LAST OF THE ROUGH RIDERS 2014!

"You gain strength, courage and confidence by every experience in which you really stop to look fear in the face, you must do the thing you think you cannot do"

I also want to thank Mrs. Pamela Reuss and Mr. Heggi, you both have always been there for me and I will never forget you! "Dibeetus"- Wilford Brimley

High school is coming to an end for me and my fellow classmates. I didn't necessarily always appreciate school, I wouldn't consider myself a philistine, but I was always kind of angry that you needed to succeed in school to function in our current society, as I was always out of school it was tough to succeed and between my brother the precocious prodigy and my father the scholar, I always felt pressured and insecure about my lack of perfect grades. But I now realize that none of that really matters, you can try in school if you want, but it's all up to what you want to do, the reason I try in school now is to become a better person, not for acknowledgment from my parents or anything of the sort really, I just want to ascertain enough knowledge to help my fellow man. When you learn something, don't think how this will get me ahead in life, think of the knowledge you now have and how you can use it to improve our shattered world through your own means. Life only lasts for so long, I want to provide ideals and concept for future generations to ponder and in turn make them seek knowledge to improve themselves, not for the procurement of money, and I would like to thank all the teachers that have ever inspired me to actually think.

-Tim Duncan

It's hard to believe that our time here at Harwich High School is coming to an end. Four years ago I made a decision to stay at Harwich despite a lot of pressure to change schools. It didn't take long to figure out that staying was the right decision and I have a lot of people to thank for that. Jimmy and Spencer, although we chose different paths / schools, we have always remained the best of friends and along with Scott we will be "bros" until the end. Dan you have had a big impact on me. Knowing I would get the chance to play football and baseball with you, made my decision to choose Harwich that much easier. Those were the best of times. You have been the best brother and friend, and I will continue to look up to you. I love you bro! I will be forever grateful for the opportunities I was afforded, the great friendships I have forged and the many experiences I have had at Harwich High School. Good luck to the class of 2014! Thanks for the memories ~ AS, DN, JB, DM, PS, RK, SA.

These past four years have been the most challenging and thrilling time of my life. Although it was a memorable time, I can't wait to move on. Without the love and support from my family I don't know where I would be. I would like to thank them for always being there, supporting and guiding me through these years. Thank you for being behind me on everything and supporting me in field hockey, you are all truly the reason that my dream came true and I can't thank you enough. Mom you are the strongest women and I know, I would not be who I am without you, thank you for everything you have done and dealing with all my problems. Dad, thank you for supporting me through field hockey, and being my number one fan. I never would have made it where I am without your support. Coach Poore, thank you for never giving up on me and always pushing me to reach my potential. Stephen, thank you for always being there for me, for the best support I could ask for. I love you. Thank you to all my friends that got me through these high school years, DM, SM, AS, ML, DM. Without you I would not have made it through all four years. Good luck to all of you in the future! As I leave Harwich High School I will come across new challenges that will only make me stronger and smarter. I will never forget these last four years at HHS!

"Let's hear it for the Rainbow Tour, it's been an incredible success..."

It's true that I did have a few doubts about myself when I walked in here as a freshman and headed the wrong direction from the lobby to my first class. But over the course of my time here, I've seen some incredible personal development. I could not be where I am today without the wonderful people who nurtured my talents and my "self" in the art wing. I certainly wasn't at it alone with the help of my dear friends S.P., A.F., J.W., C.V., C.L.B., D.L., K.W.M., and the lovely D.D. and R.R. I know we'll all find great success in all our endeavors. As with any great drama, I laughed, I cried, and I needed more snacks halfway through (So many hungry S-Blocks). Wherever we go in life, just remember: "There's only us; there's only this. Forget regret, or life is yours to miss."

"What a long strange trip it's been", no better words sum up our time here at HHS. HFH, it was an unforgettable journey, I wish you luck next year. I have never met such a diverse group as the XC and track kids. We had a lot of fun, especially playing jav golf, I will miss you all even CJ. To the group at the top we may joke but in the end we all do care. I couldn't have done anything I have done without my Mom, I want to thank her and I hope someday to be like her. Cole and Jessica, I love you more than you will ever know. MQ thank you for always being there and for all you have done. TS I don't think words can describe our friendship, as to you GS. DS there is no one like you and that is something to be proud of. We have all helped each other grow and become the young adults we are today. MV 2Days, MH, it's been a long road. KM TKESG CJ MHHMU20 BJ AM SW, and to all others thank you.

These last 4 years of high school have taught me so much & have brought me close to such amazing people. I can't believe we're seniors! I feel like just yesterday I was coming into high school as a freshman and now here we are, about to graduate! I couldn't have done it without the support from my mom, dad, & my sisters. My time at Harwich High School contains some of the best, and most difficult, experiences of my life. Yet each has instilled in me lessons that I will always remember. I have made friends with whom I have shared happy memories, and who have helped me through those difficult times. These are the friendships that will last a lifetime. Thank you to NK, MV, RF, JF, CD, PH, TS, and LM for making high school so memorable. Thanks to my parents for always pushing me to do my best. I appreciate the help of everyone who has taught me throughout the years, especially Mr. Houston and Mr. Richard Doncaster, who guided me in the pursuit of my studies. I wish the best of luck to my classmates, who I know have the potential for great success.

I can't believe we finally made it Class of 2014! These past 14 years of school we're an amazing experience and I wouldn't want to experience it without any of you guys. Special thanks to Mom, Dad, Megan and all of my friends for helping me along the way. If I had advice for my underclassmen it would be to take as many chances in and out of school that you can, by doing so you will learn and achieve some of the greatest things of your lifetime. CG, MV, RF, KD, LM, PH, SW, HK. Graduating High School is incredibly bittersweet and I'm glad to have such a good class.

Wow, this really is it. I can't believe I'm part of the last graduating class of Harwich High School. It's a little bittersweet but this is moving on. I'm so happy I got to spend the last 13 years with this small class. I really couldn't have done it without the help from those around me. Levangie, thanks for being my home girl. Mom, dad, thanks for keeping me in line. My brother Matt, thanks for kicking me in the butt and being the glue that held me together. And JS JA AG HB JK FD, I love you guys. The last four years at Harwich were alright. There was a lot of good and a lot of bad. Thank you Sowpel, M and my family for everything you've done for me, and thank you to my friends for sticking with me CC CT QH GA KP SG CA. Never thought I would be graduating! Good luck to everyone.

"My teenage years were exactly what they were supposed to be. Everybody has their own path. It's laid out for you. It's just up to you to walk it." -Justin Timberlake

Wow, I can't believe I'm finally a senior. I waited so long for this day to actually come. These four years have been the most memorable years by far. They haven't been the greatest four years of my life but I got through it with the help of family and friends. Mom, I know we fight a lot and may not get along as much as I want to, but I could not have survived high school if it weren't for your help. I remember I would just come home after school sophomore year and just cry all day long because I hated school. My mom made the difference and made sure I was fine and I can't thank her enough for that. My friends, you've always been there to support me and I love you guys. I also want to thank the teachers who helped me with struggles throughout the years. JH, VC, JW, EJ, Ms. Callagy and Ms. Titus, thank you all so much! I'm so excited to be starting the next chapter in my life. Congratulations class of 2014, we made it!

Annie Flynn

"For I know the plans I have for you," says the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29:11

It's very hard to believe I'm graduating and that I'll be an adult pretty soon. Life really passes us by so quickly, but I've had so many amazing experiences in my short years. Thank you, first of all, to my parents who I love more than I can express! You forced me to play an instrument that I've been playing now for eight years and I don't regret a minute of it. You've put up with me for all these years, showing how unconditional your love is and I'm so grateful for you! Thank you to my beautiful sister, my supportive family, and my sweet, loving friends who have been with me through this whole journey. Also, thank you to all the wonderful teachers I've had throughout the years. You've helped me become the student I am today! I wish I could name all of you, but that's sadly not possible. Keep doing what you're doing! Ms. Richard, you're the best music teacher EVER! You're more than just a teacher. You care about your students and all you want to see is us succeed. I'm so honored and blessed to have been your student these four years of high school. I will never forget you. Lastly, I want to thank Jesus, my rock and my salvation. You've given me purpose and life that nothing and no one else could've ever given me. Thank you for loving me through everything and saving me from myself. I would never have made it without your unbelievable forgiveness and grace!

Cody Fontaine

"I'd rather be hated for who I am, than loved for who I am not." Kurt Cobain

Like anything my life has been a roller coaster ride. From moving all around to going to different schools all my life. Always having to make new friends was an activity I hated strongly. I hit a rough patch in Middle School, always causing trouble and what not. Though I barely did anything to help me pass my classes, I somehow made it to High School. I was still that trouble maker but I was slowly growing up, piece by piece. Learning from mistakes and making adjustments to who my friends should and shouldn't be. I got through freshmen and sophomore year easy, but then there was junior year. Hitting another rough patch along the way, but somehow I got through it. NOW I'M HERE. Senior year. The only things that really helped me get to this point would be my great friends RD, SE, SS., My family, and the amazing staff of this wonderful school. Also a shout-out to all my new and old friends for helping remind me that life isn't all that bad. JR, MH, BE, DK, AJ, JD, JB, NM, JF, KW, LM, MW, GA, DS, AM, MV and many others. Though I have to admit, if it wasn't for the amazing and most wonderful and fantastic Ms. Richard, I don't know how I could have made it through every day of high school. Thank you. I don't want to be cliché, so I'm going to say catch you later.

"Wisdom can only be found by living on the outside and passing through the inside with eyes and ears open" – Timothy Snyder

One of the most influential things I heard at MA BoysState was that after an individual leaves high school, they enter what is called the "Odyssey" stage of their life, the stage between adolescence and adulthood. I wish only the best to all of the Class of 2014 as they discover themselves and navigate through their own odysseys. Most of all though, I hope that just because we are parting ways for our biggest leap out of the nest, we are merely saying "See you later" and not "Farewell, my friends". I'd like to thank anyone that has ever pushed me to challenge myself: my mother, brother, and my second families, the Shermans, Thachers, and Donlans, all of my teachers that guided me, and especially the guys I've shared most of my life with: TS, KD, MQ, PH, RF, MV, and little GS. I'd be lost without you guys, so I hope that we will stay together as for as long as we are allowed to exist on this rock. I'd like to leave you with some advice: Go find yourself, but never forget who you are.

Ross Frankel

"A little rebellion, now and then, is a good thing." -Thomas Jefferson

Two years as a Rough Rider, two years as a Shark, and four years well spent. Thank you to the Cross Country and Track teams for shaping me into the person I am today. Life would be a lot different if I never decided to step out of my shell. Thanks to The Herd, MV, KD, and CD, our coalition waxed and waned but some of my best times were with you guys. The bonds I've created here, with students, past and present, will always stay with me. I'm grateful for all the experiences I was offered within the walls of HHS. We've been waiting to get out of here for a long time now, and here it is. I'm excited to see where all of our paths will cross again, later down the road. Best wishes to everyone.

Cheyenne Gingras

You see us as you want to see us...In the simplest terms, in the most convenient definitions. But what we found out is that each one of us is a brain...and an athlete...and a basket case...a princess...and a criminal...Does that answer your question? Sincerely yours, the Breakfast Club.

It's hard to believe it's been 4 years but here we are, we did it! I couldn't have done it without the real friends I have to be there for me and make it all just a little better. MV, CD, MH, HK, NK, and PL made it fly by. I want to thank my parents and siblings for pushing me to do my best, even if I wished I hadn't had so many people parenting me. I love you all so much. Class of 2014, we made it!

I remember going through this last three years at HHS. Thank you to the people who helped me in my first year here. Thanks to my mother who always encouraged me to study and my father who was always there for me. Also thank those teachers who were a great help in my school years, Mrs. Capen & Mrs. Sessler my two ELL teachers who have helped me in all my classes ... the last year is here, thank God!

I'm not really good at saying long goodbyes. So here it goes. Thank you to my family, Mom, Dad, and Colt. I want to say thank you for all of the things you've helped me with over the years. You guys are what made life so great. Well and of course my friends helped too. Without Nicole Kirby, Hailey Kenny, Sarah Peninger, and Jennifer Witzgall, high school wouldn't have been as awesome. To my awesome "brother" Cat Van Buren. You have made my senior year hilarious and bearable. I'm going to miss high school, with all of its ups and downs. It's been awesome Class of 2014!

Writing a brief statement about the best 4 years of my life is one of the hardest, saddest, yet happiest things I've ever done. I want to thank my friends; I couldn't ask for a better group. All of the crazy times we've had I'll remember forever. I promise we'll stay in touch and never hesitate to meet at C. MH, CF, LD, SD, MC, PS, DA, NN, DN, RK, JF, TS, MV, KD, CD, RF, JV, JH, ML, and everyone else, you know who you are. I love you all. My teachers and coaches, thank you for helping me learn more, about life, than just the curriculum or the game. To my parents, I love you both so much. Thank you for pushing me past my limit and driving me insane, making me into the person I am today. I look up to both of you, and I can only hope to be as good of a parent as both of you are. I cannot thank you enough. I sincerely wish everyone the best of luck, and I thank you all for being a part of my life. Goodbye, good luck, and most importantly, have a good time!

When I first stepped into this building freshman year it seemed as though senior year would never come. The fact that it's here now is pretty unbelievable. I would never be here without the many people who have helped me along the way. A huge thank you to my parents, you've been so loving and supportive. Thank you Lo and Charlotte, although you've never failed to annoy me you've been the best little sisters and I hope that I have been able set a good example for you. My friends, you know who you are, you've definitely made these past four years bearable and I can't thank you enough for that. I can't say that I'm going to miss my time here at Harwich High School but I can most definitely say that I will remember it and that I have learned a lot from my classes and experiences. I hope to take these lessons with me when I continue onto college and beyond. Congrats class of 2014!

I cannot believe we have finally come to the end of our high school years. It is scary to think that 4 years ago we walked through the front doors as freshman and are walking out as seniors and the last graduating class from the Harwich High School building. These 4 years really flew by! I really want to thank my mom and dad for pushing me to be the best that I can be. I also want to thank my brother AH for being a role model to me through all 13 years of school. He showed me that working hard can really pay off in the future. And last I want to thank TW for always being there for me whether it be at my cheerleading competitions or just at my football games <3 Without all the support from my friends and family I would not be where I am today. Harwich High School made a path for me to further my education and make the best out of the rest of my life. I will never forget HHS and the amazing memories made in this building. Congratulations and good luck for everyone in the class of 2014

I can't believe it's already here. This 4 year journey at Harwich has been some of the best years of my life. I have made countless memories and friends that I will never forget. A big thanks to my Mom and Dad who really pushed me throughout high school and who taught me that dreams come through by hard work. Also shout out to Pete for being there whenever I needed you, and to the senior boys: SD, MC, PH, RD, JB, NN. I will never forget Rough Rider Baseball and our run to becoming the state champs. Our class is the last of Harwich High and I'm proud to be a Rough Rider and a Shark. When I look back, I'm sad that these 4 years are over, but at the same time I can't wait to start the next chapter in my life. And trust me, I'm dreaming big!

Starting on day one of freshman year, everyone told me that my high school years would be over in the blink of an eye, and of course I didn't believe them. Now, as a senior I understand exactly what they meant. Even though I moved to Harwich freshman year, I feel like I've grown up here. My new friends made me feel right at home and I couldn't be more thankful to have them in my life! Thank you M.H, D.M, M.B, M.L, and T.E for always being there for me! There are so many unforgettable experiences that we've gone through, both good and bad. I learned more than I ever thought possible. A special thanks to Mrs. Harrington for going above and beyond to help me through the past few years. Also, Haley, sisters are forever, don't forget that! Lastly, to one of the most important people in my life, thank you so much for all that you've done for me, you've supported me through everything, and you are the only reason I am where I am today. I couldn't have done it without you! I love you, Dad!

Sitting here, I cannot believe that I'm actually graduating high school. Though anxious to start my future of independence, I can't stress enough how grateful I am for all of the support and guidance I have received from the faculty and fellow students of Harwich High School. You have all helped me so much in developing my plans for college and even developing my own image as a person. To my family, I could not have asked for a better support system. From early childhood you prepared me for the discovery of the real world. To my friends, you are the most incredible people I have ever known. Between the laughs at lunch, the cram study sessions in the morning, and just hanging out on lazy weekends, I never could have dreamed such great people could exist in my life. SP, LH, AF, AC, NK, CD, CG, HF, JW, AD, SP, JB and lastly ED. I love you all so much and no matter where we all are, there will always be time for reunions. And to my teachers, each and every one of you has given me countless tools to prepare me for my current and future success story. Your help has meant the world to me. Although the school I graduate from won't exist anymore physically, it will always exist in my heart.

It's been four amazing years at HHS, filled with great memories, new friends, and getting out of my comfort zone. As corny as it sounds, I really came to life these past four years. Thank you KD, LH, JMW, LM, SP, NI, DS, GR, ER, RF, SK, PO, and KL for being there for me when I needed help, and keeping me laughing in hysterics. Words truly cannot describe how much I love you all. Thank you CP for being so tough on me, and allowing me to realize how strong a woman I can be, that nothing can stop me. Coach D thank you for being my buddy, and being so accepting. Nothing beats the wisdom of you and CP. Terri + Mrs. Smith: thank you for being so cheery and wonderful. To my FH ladies: Stay classy. Stay positive. Stay crazy. I'll miss this team so much. I love you my babies. CT, I don't know what the future holds for us, but you can always count on me. Thank you for giving me the love I deserve. Thank you to everyone who made me laugh and gave me such great memories. I love you all. WE DID IT Y'ALL!

Walking through those intimidating doors four years ago was only the beginning. I've grown, not only in maturity, but as a person. On this long journey I have seen and learned so many things that I know have affected who I am for the better. Through tough times, I can always look back on the days of high school, sigh with a breath of relief, and say "at least I don't have to go back there again." I want to thank the people who have been real with me all along, they may be few but they have helped me to learn what friendship truly means; they know who they are. It takes a lot to overcome the realization that I will finally be on my own now, and I can't wait to live my life to the fullest. High school definitely won't be the best years of my life, you can count on that.

Best of luck to all my classmates wherever you all end up. Farewell HHS

Thank you to my family for always supporting me in everything I do. Mom & Dad, thanks for helping me through these past four years. I wouldn't have made it without you two! High School has its ups & downs but with my loving, crazy, awesome friends, it's been a memorable experience. Thank you GA, my best friend since kindergarten; HW, my mini me; KL, my craziest friend that always makes me laugh; MT, which there's never a dull moment with; & MQ, with whom I always agree to disagree for always being here for me, & to the rest of my friends of which you know who you are. I'll never forget you! To Nicha, I know that I'll see your smiling face back in the U.S. soon! Thank you to the arts department & Mrs. R for all your inspiration! Best buddies, I really enjoyed the time that I spent with you! A special thanks to Mr. B & my teachers for all your help! And to Cole, you know how to make me smile even on my worst days; you're truly the best. Good luck 2014, we're finally out of High School!

"There is nothing outside of yourself that can ever enable you to get better, stronger, richer, quicker, or smarter. Everything is within. Everything exists. Seek nothing outside of yourself."
-Miyamoto Musashi

Time within high school has been a period of the recognition of faults, as well as one in which the characters of individuals have been shown to exist completely independent of archetypal perceptions. For every moment within which dreams seemed to be approaching closer, reality has shown itself to be the ultimate destroyer of expectation, flowing on its own course regardless of how those swimming in its waters choose to view their situation. For every moment of internal defeat, a victory over preconceived limitations has been born, and likewise for each destructive trait of personality, a standing benefit has been produced. I have chosen to leave this time of reflection in better mental condition than I could have dreamed prior to entry, with these hallways and its temporary residents having showed me a way of life, the tenets of which demand truthfulness in an atmosphere of deception, as well as a need for self-reliance and loyalty in a world bent on removing both in times of need.

Congratulations class of 2014! It has been such a crazy ride & I couldn't have asked for a better group of friends to spend it with. AS, SM, GC, ML, DM, RM, you guys mean the world to me, thank you for the amazing memories. MRFH, I am so grateful to have had such a strong team behind me, on & off the field. Mr. Bennett, thank you for all of your help & always bailing me out of trouble. Mom, we have made it through the thick & thin together. I admire your perseverance & hope to be as strong as you someday. Dad, you are the reason I have grown into the tough & independent person I am today. You may not be here physically but I carry you in my heart every day; I love you. Ross, I believe in you & know you will grow up to achieve great things. Jake, your goofy personality has kept me laughing through the rough times. I am so incredibly lucky to have you not only as a best friend but as a boyfriend, too. I am so proud to graduate a Rough Rider, I'll miss you Harwich!

Can't even believe how fast senior year has come. First off, I'd be nowhere without the love & support from my family. Mom & Dad, I love you so much. Thank you for always doing whatever you can for me. I may be the biggest pain in the butt sometimes, but I appreciate you both more than you'll ever know. Cynth- I've learned so much from you. Thanks for leaving it to me to be the troublemaker in the family. Alie- My other half, if it wasn't for you I'd be lost. We've been inseparable & you've been the most amazing best friend/sister I could ever ask for. Delaney- My partner in crime! You mean the world to me Thanks for always being there. I love you girls! Steven- You've made such a huge impact on my life. We've been through everything together & I wouldn't have wanted to go through these years with anyone else. "Nothing comes easy, you have to earn it."

Wow Harwich, we gone, "gone with the wind". I have only been here for 3 years but I feel as if I have known everyone my whole life. Growing up, my Dad always told me, "Never do anything that you are going to regret, because if you do, that means you're not comfortable or happy with the decisions you have made in life." I never understood this until he brought us to this country, which he calls the "land of opportunity". I got settled in HHS and met Mrs. Capen, Mrs. Graham, Mrs. Sessler and Mr. Bennett. They helped me notice the amount of potential I have to do anything I want. Although I was always late to most of my classes, I was never late to business and math because I had a good connection with the teachers and didn't want to miss a minute of their classes. Soccer with Mr. Cat and Coach KC and Ed was fun and I made a lot of friends and great memories there, too. I appreciate everyone's support. Thank you for a great end to high school HHS.

Congrats Class of 2014 we made it! I can't believe it is over. I would like to thank my support system. Mom, you do everything in your power to go above and beyond for me and I appreciate every bit of it. Dad and Tracy, thank you for always being there for me. Mimi and Poppi, thank you for everything you do, I wouldn't be where I am today without you guys. Bran, thanks for being the big sister I've always wanted. You all pushed me to my full potential. I love you guys. Kern kill it in high school, I know you'll do fab. I also want to thank all of my teachers. Especially Mr. Heggi; you have managed to always make me smile even on my worst days and to Mrs. Leete you have taught me so many life lessons and what is truly important, I admire your strength. Thank you both for everything. To the girls who have been there for me through it all: MB, LK, EO, MO I love you dolls. To everyone else thanks for being the best GC, AS, DM, EV, SB, SM, SC & BW. I've had an unusual high school career. I used to have very bad anxiety and depression, so I attended the Southeast Alternative School. I've learned so many things there that I wouldn't have learned otherwise that have helped me immensely on becoming the person I am today. I'd like to thank the staff at SAS very much. Last year I enrolled in Harwich High School. I've been to many schools, but HHS is by far the friendliest. There are many kind students. Teachers here are helpful and truly want their students to succeed. I've made many friends they've made my time at HHS more enjoyable than I could've ever hoped for. I'd like to thank my friends for doing so. I'd also like to thank my teachers. Miss Richard is the best music teacher ever! Miss Jutras helped me realize that I can be the great student that I've always dreamed of being. Mr. Bennett has helped me succeed very much at HHS. I'd like to thank my family. Mom, Dad, Wayne, Justin, Brienna, Jill, and Grandma Audrey! I love you!

These last 4 years of high school have been great. The people I met, teachers I have had, and everything about my 4 years here have been great. A special thanks to my mom, dad, grandma, brother, and sister for helping me out along the way. Without my family, I don't know how I would have made it through high school. A shout out to my friend Big Al, who has helped me out with everything for as long as I can remember. It will be sad to leave, but I know better things will come in time, so thanks for everything Harwich!

So much has happened, and I have so many people to thank. First I want to thank all the wonderful people in the art department, without you I don't think I'd have any idea what I'd like to do for the rest of my life. Thank you to my friends. Hailey, my love, for all you've done for me, and for getting beyond all the world has thrown at us. Jennifer for being that crazy friend who joined Mock Trial with me. Lindsey, my other love, for your awful puns that always make me smile. Cat, my theatre love, for showing me cat pictures and brightening up the gloomiest of days. Donald, my whovian love, who will always listen to my stories and my troubles. Nicole for all the times we've spent together. So diving head first into this next stage of life and all that comes after, all I can do is yell, 'GERONIMO!' at the top of my lungs. And one last thing, before I go, I just want to tell everyone that helped me over the years, you were fantastic. Absolutely fantastic. And you know what? So was I.

Wow, high school is over it is hard to believe. First I want to thank my family, mom, dad, and brother for doing their part. I am also to thank all my friends in addition, those most important you know who you are. These four years seem like a blur, and it's even crazier when you realize the building we've gone through everything in these years in is almost gone. We'll always be Rough Riders, and I wish all Sharks in the new Monomoy School the best of luck. The class of 2014, the last but certainly not least class of Harwich High school and we are leaving with a bang. Good luck to everyone in the future, I know you'll all do well. It's been real Harwich High, I'll be grateful for my time here with everyone and I'll miss it. Time for us to leave our mark on the world, and we will do it in style. 2014 let's do it!

"My mission in life is not merely to survive, but to thrive; and to do so with some passion, some compassion, some humor, and some style." – Maya Angelou

It's incredible to think that this is senior year. It feels like it was just yesterday that I was a freshmen and nervous but at the same time excited to finally be in high school. Now the same feeling return years later as we take the next step in our lives and go our separate ways. I wouldn't have been this successful in my high school career if were not for the people I will be leaving. I thank my many teachers for pushing me when I didn't understand and inspiring me when I needed it most. I thank my friends for never failing to make me laugh and for being my rock when school and life became overwhelming. Knowing that the people I grew up with will be so far away in the blink of an eye is by far the hardest part of senior year. My friends have helped me go out of my comfort zone, compelled me to try my hardest and make the most out of high school. As much as it is hard to let go, we are about to embark on an amazing journey and the only way that we could have done this is because of Harwich High School and the many difficult and wonderful lessons we learned here. I will always carry the amazing memories that I had with me and never forget the fantastic people that I had the pleasure of growing up with. I will miss the Class of 2014 so much and I will never forget this amazing part of my life.

"The future belongs to those who prepare for it today." – Malcolm X

I am ready to face the future and what may lay ahead. I've benefited from experiences I have had as part of the graduating class of 2014. I received the first sight of the adult responsibilities awaiting me through participation in such activities as business education day, college day, student city hall day, and through other various school functions. I am looking forward to a time when I will be recognized as an adult. I have faith in my own ability, because Harwich High School has made me ready to step into the world. I will remember my classmates and our shared years of experience. I will remember class preparations; study hours early and late and, of course, grades... the early morning "chitchat" sessions in the lobby, mad dashes to the cafeteria, and each thrilling moment of athletic events will never be forgotten. Thank you to all those friends, family, and teachers who have helped me along this journey. Now comes the last big event... graduation!

I like to just say thank you to all that helped me over the years teacher and students. I would like to say thank you for the fun time at lunch with MV, TS, JF, NB, KD, RF, MQ, LM, SW, and HC. I will never forget the time with football team MC, RD, CF, DN, SA and the rest of team. There have been so many people that I just like to say thank you to JB, SH, CT, AG, AC and more that can't remember at this time. I would just like to say thank you from the bottom of my heart.

Wow is all I can do to describe my time in high school. I think that my time in high school was just the tip of the iceberg of exciting things, people and places that life has to offer me. It's also been filled with hard and serious times too but just understanding that you can't try to control everything that happens and accepting things for what they are has really helped me tremendously. I came into high school not knowing what I wanted to do or where I was going but when I leave I'll be sure of what I want to do and have the means to accomplish whatever goals I may have. I would like to thank everyone who has helped me and believed in me and all the friends that without nothing could be made possible.

After only three short years at Harwich High it is time to say goodbye. I can't say I'll miss waking up at six in the morning five days out of the week, or eating the government funded food (I started making my own to bring) but I will miss the friends I have made here and I thank each and every one of them along with the rest of the class of 2014 for three great years. Most importantly I want to thank my mom, dad, and my brother Steve for the love and support you have shown and given me, without the three of you I would not be who I am today. Finally, senior year. It has been a long journey with many ups and downs. I want to give a special shout out to all my friends and family. I couldn't have gotten through these years without you guys! Mom, you are not only an inspiration to me, but a best friend. You taught me all that know and sacrificed so much for Ryan and I. You always showed me unconditional love, and for that I am forever grateful. Congrats class of 2014. We made it!

In the past four years, I've had some of the worst times of my life, but also the best. Every person, experience, and lesson I've learned, no matter how seemingly insignificant has helped shaped the person I am today, and I'm very proud of that person. I'm truly grateful for opportunities and life lessons it's brought me being raised in such a small and tight-knit community like Harwich. I cannot give enough thanks and appreciation for the support of my dad, Kathy, the handful of friends who have stuck by me through it all, and the teachers who have assisted me along the way. I have a great deal of eagerness and excitement to embark on the next journey in life, but I will never forget the little seaside community that raised me. I wish all my best to the class of 2014. I couldn't be more proud to be a part of the last class of Rough Riders.

As a member of the last class to graduate from Harwich High School, I am proud to say I was educated by some of the most dedicated, caring teachers a student could ask for. I leave Harwich High with the tools I need to make my own mark on the world. The memories created here will stay with me and serve to empower me in my future endeavors. To CD, RF, KD, PH, SW, LM, TS, JF: you have all made my life better in your own way and it is with a heavy heart I say farewell but not goodbye, as I know we will meet again and that our friendships will endure. A special thanks to MH, for helping me clearly see my potential and giving me the confidence to be myself. And to my parents and family for their care and support in all that I do. I am truly grateful for every second I got to spend with all of you. High school wasn't always easy, but I wouldn't change a thing.

"But we got dreams and we got the right to chase 'em" J. Cole

I feel fortunate to be a student of the last graduating class of Harwich High! I have met a lot of nice people here and made some great friends. Although I was nervous at first as to what to expect as the "new girl", everyone has been welcoming and friendly and I felt more confident every day. After living in upstate New York and then in New Hampshire and now living on Cape Cod, I have realized that the friends that you grow up with and you think will be your life friends will not always be there. I have made some friendships here that will last. I would like to thank my parents for standing by my side and always being there for me. I would like to thank my brother for always having my back, you have been a huge role model to me and I cannot express how much I appreciate you. I would like to also thank my sister Erica even though we argue a lot and you are always wrong, I still love you and I know you will accomplish a lot in life. I hope that you have an awesome senior year!

All of us have been around each other longer than we may have hoped for, but looking back on all of the funny times with our class, it's kind of a bummer that we won't have one more year together. At least it was enjoyable enough to say that high school wasn't a waste of time. Good luck to everyone.

Congratulations class of 2014, we are finally done! Thank you to my Mom and Dad, you guys have always supported me in everything, especially sports, no matter how many injuries I've racked up. You two were my biggest fans and you taught me right from wrong. Thank you to my sister Taylor for being my best friend and always sharing your wardrobe. To my brother Nick, who is exactly like me in every way, we may clash but you always stick up for your older sister. To my closest friends KL, AM, SW, KT, NB, BL, RC, thank you girls for being there for me always and sharing the crazy experiences we've been through, you girls are my lifelong friends. Lastly to Monomoy Girls Soccer team, we won together and lost together and we are a family, good luck next year girls!

"It is all odd at first, and then it becomes normal—not because it is normal, but because repetition makes the peculiar." – John Green

It's been a crazy four years, full of sleepless nights and endless days. I could never have gotten through it without my Mothers, my brothers Matt and Brian, my sisters Sarah and Tabby, and Mimi. I don't know what I would do without their love and support. I want to thank my teachers, especially Mrs. Hemeon for guiding me through these past couple of years. Thank you to Sarah, Nicole, Lindsey, Annie, Roshni, April, and Hailey for all the good times and always being there for me. I've had a lot of fun these past four years, but I'm looking forward to the future and all the awesome things it will bring.

We did it, 2014! To my biggest support and where the nickname, Sal, originated, Mom, I wouldn't be where I am today without your love and continual support, but get ready – we still have a long road ahead! Matthew, you've always been there for me even when I didn't think I needed you, but I truly did. Jennifer, my second half, we have been together forever and I wouldn't want it any other way. Brian, thank you and I love you! Jacquelyn, thank you for bringing joy to my mother, I haven't seen her this happy in years and Tabitha, be crazy - never change. Sammy, thank you for always being there. Alie, my throwing buddy, can't imagine playing softball without you. To all of my field hockey, basketball, and softball girls, thank you for some amazing memories and seasons that will never be forgotten. PG – you remain in my heart as my motivation for the game of basketball, I miss you. To all my teachers, thank you for everything! And a huge thanks to everyone else, you know who you are.

Record: We started the season 9-1 and finished the season at a strong 12-5, qualifying for the D3 South Sectional Championship. We were able to advance to the state final for the State Championship. We didn't win, but it was the experience that mattered.

Boys Golf

Coach: Mr. Rose

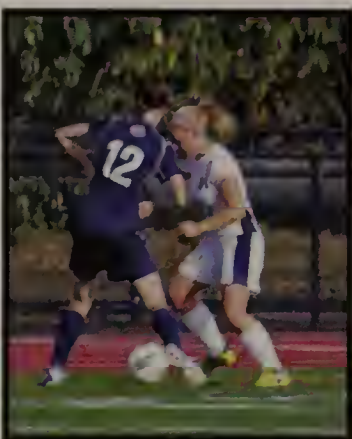

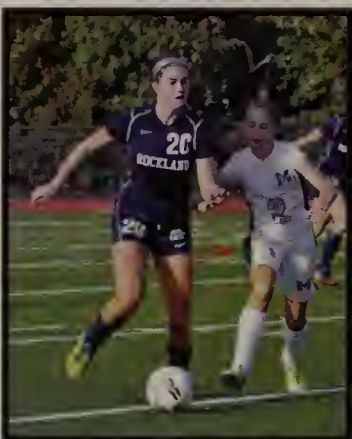

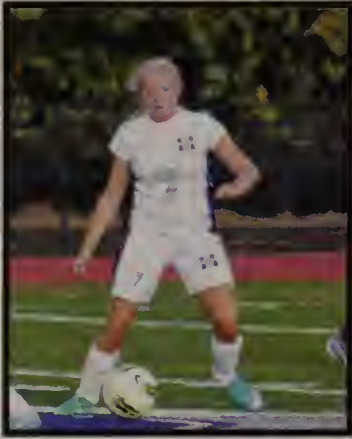

Record: Even though the JV team had a tough season performance-wise, it can be said that we are the happiest team with a losing record. We had quite a few kids on the team who had never golfed before, but with the guidance of their teammates and Coach Adam Rose, learned how to improve their game exponentially. Based on our record of 3-6, our season can be seen as a rebuilding period, but overall, everyone had a great time, got to golf for free, and got a few "W"s under their belt that they can be proud of.

Peter Lucarelli, Tim Chenevert, Nat Walker, Logan DeSouza, Lawrence DiNoia, Christian Pavlakis, Josh Ford

Hockey

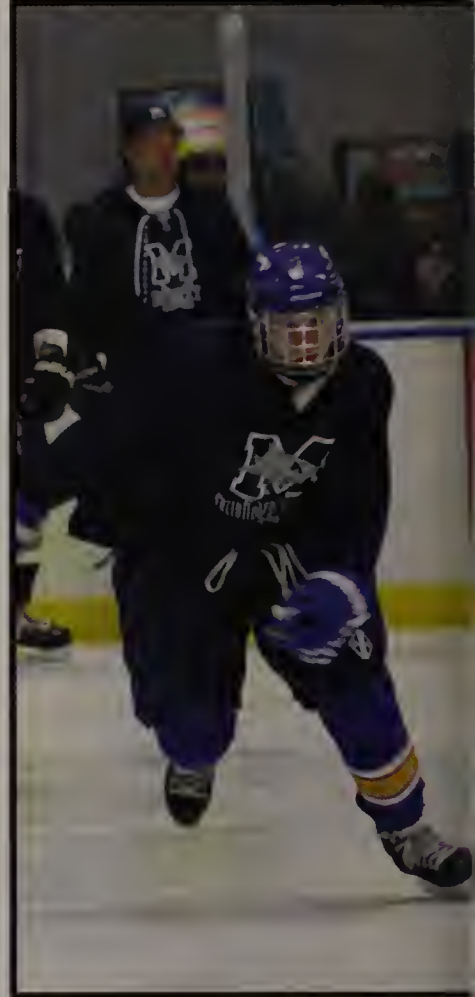

Coaches: Billy Hadfield, Scott Tyldesley, Colton Hadfield

Captains: Pat Hawe, Matt Kilkenny and Dalton Smith

Record: Rebuilding was the theme for the team this year. With a variety of age, experience, and skill, it was unclear how the season would go. However, as the season began it was obvious we would have a better record than previous years. A huge achievement for the team came the day we first played PJP II. All the talk of probably losing, served as pure motivation. After prevailing 7-3, the team was taken more seriously. This year has definitely served as a rebuilding year, and it is safe to say we have set a good path for the program in the future.

Girls Basketball

Coaches: Mr. Nickerson and Ms. Rafferty

Captain: Sarah Witzgall

Record: The varsity girls basketball team thrived on youth this year. Our starting lineup was composed of three freshmen, one sophomore and one senior; their early success in the season surprised many. The ladies worked extremely hard and never gave up. A highlight of the season was going into double overtime versus Cohasset; this proved how much the team grew over the season.

Carly Donovan, Madison Kelly, Courtney Leonard, Jordan Frisbie, Christine Freidel, Kira Foster, Geia Alverio, Lexi Roma, Sarah Witzgall, Kiera Brady, Jennifer Keim

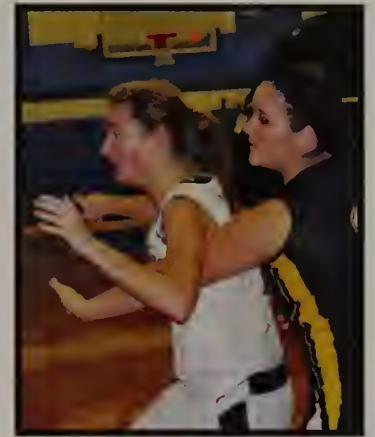

Girls Basketball

Coach: Ms. Chilaka

Record: The junior varsity basketball team was in a very unique position this year. Both teams were low in numbers causing there to be six transitional players who would see time on both the varsity and junior varsity court. The girls took this well and the team saw success. A highlight of the junior varsity season came with a thrilling home win over Nantucket. The team is looking forward to next season to continue developing into some outstanding basketball players.

Miriam Massaad, Carly Donovan, Jennifer Keim, Courtney Leonard, Catie Barr, Brianna Donahue, Lauren Handel, Kira Foster, Olivia Furner, Carolina Nunes, Kiera Brady, Carlee Tolley

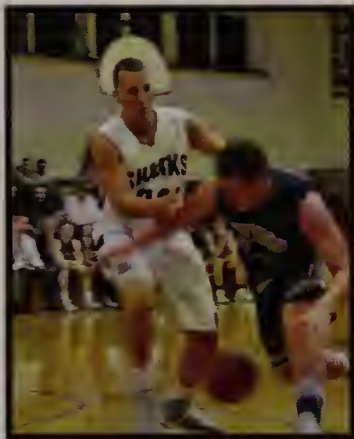

Boys Basketball

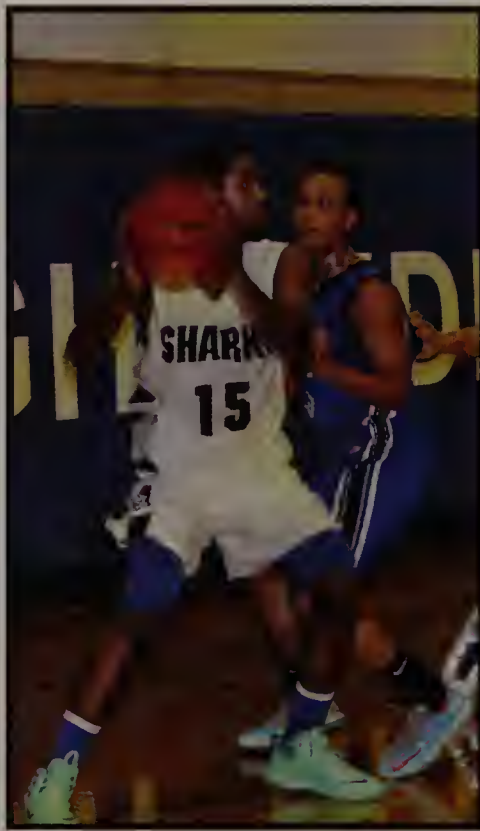

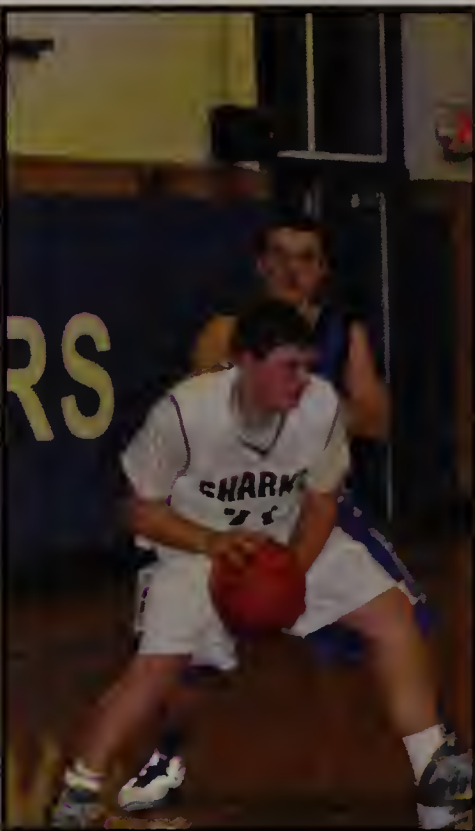

Coaches: Mr. Rose, Mr. Grogan, and Mr. Zink

Captains: Evan Forgeron and Wilson Amezquita

Record: We began with very high expectations and goals to reach. Everybody was prepared for our best season yet. However, we did suffer a couple of setbacks over the winter. As the season came to its end, we came together for our last tournament in the Harwich High school gym. We won our final games, taking home the tournament title and ending the season on a high note.

Sailing

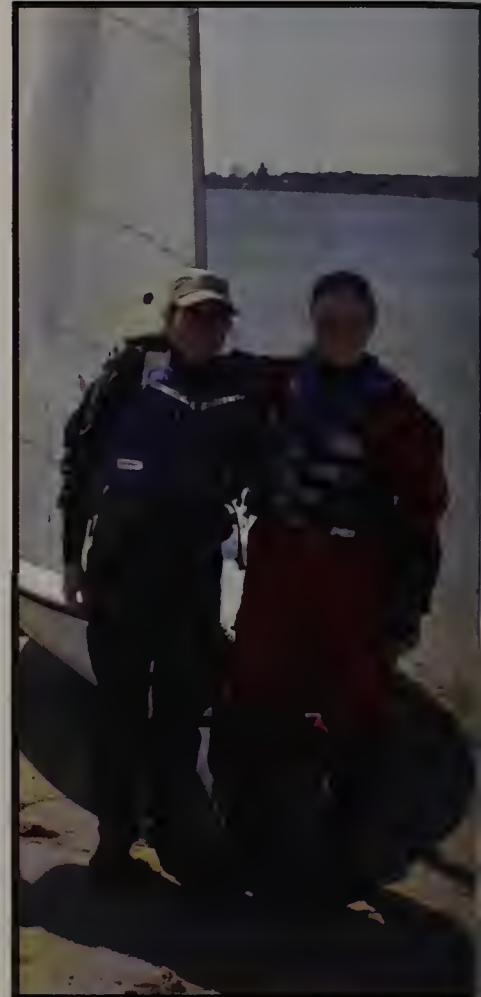

Coach: Coach Kelly

Captains: Nancy Spalt and Hannah Baker

Record: Monomoy Sailing had many changes this year. We sailed out of Oyster Pond in Chatham instead of out of Pleasant Bay. Sailing in a new place was fantastic. Many new friends and memories were made! The team is looking forward to another memorable and exciting season.

Record: This season the team worked well together, and had a great record of 14-5. The biggest highlight of our season was the no hitter thrown by Brandon Hamilton.

A Night To Remember

Samantha Cavoro

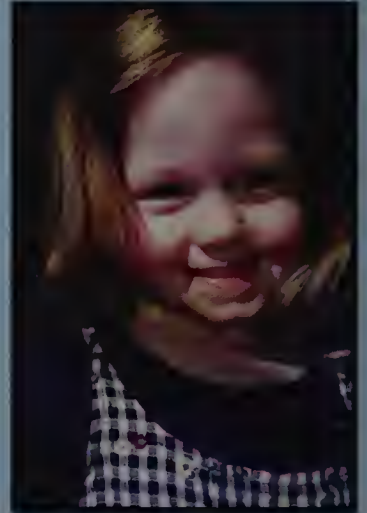

I Hope You Dance

I hope you never lose your sense of wonder
You get your fill to eat but always keep that hunger
May you never take one single breath for granted
God forbid love ever leave you empty handed
I hope you still feel small when you stand beside the ocean
Whenever one door closes I hope one more opens
Promise me that you'll give faith a fighting chance
And when you get the choice to sit out or dance
I hope you dance

I hope you never fear those mountains in the distance
Never settle for the path of least resistance
Livin' might mean takin' chances, but they're worth takin'
Don't let some Hellbent heart leave you bitter
When you come close to sellin' out, reconsider
Give the heavens above more than just a passing glance
And when you get the choice to sit it out or dance
I hope you dance

-Lee Ann Womack-
